**Columbia County Permit Application - Owner and Contractor Signature Page**  
**CODES: 2023 Florida Building Code 8th Edition and the 2020 National Electrical Code**

Application is hereby made to obtain a permit to do work and installations as indicated. I certify that no work or installation has commenced prior to the issuance of a permit and that all work be performed to meet the standards of all laws regulating construction in this jurisdiction.

**TIME LIMITATIONS OF APPLICATION:** An application for a permit for any proposed work shall be deemed to have been abandoned 180 days after the date of filing, unless pursued in good faith or a permit has been issued.

**TIME LIMITATIONS OF PERMITS:** Every permit issued shall become invalid unless the work authorized by such permit is commenced within 180 days after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of 180 days after the time work is commenced. A valid permit receives an approved inspection every 180 days. Work shall be considered not suspended, abandoned or invalid when the permit has received an approved inspection within 180 days of the previous approved inspection.

**FLORIDA’S CONSTRUCTION LIEN LAW - Protect Yourself and Your Investment:** According to Florida Law, those who work on your property or provide materials, and are not paid-in-full, have a right to enforce their claim for payment against your property. This claim is known as a construction lien. If your contractor fails to pay subcontractors or material suppliers or neglects to make other legally required payments, the people who are owed money may look to your property for payment, even if you have paid your contractor in full. This means if a lien is filed against your property, it could be sold against your will to pay for labor, materials or other services which your contractor may have failed to pay.

**NOTICE OF RESPONSIBILITY TO CONTRACTOR AND AGENT:** **YOU ARE HEREBY NOTIFIED** as the recipient of a building permit from Columbia County, Florida, you will be held responsible to the County for any damage to sidewalks and/or road curbs and gutters, concrete features and structures, together with damage to drainage facilities, removal of sod, major changes to lot grades that result in ponding of water, or other damage to roadway and other public infrastructure facilities caused by you or your contractor, subcontractors, agents or representatives in the construction and/or improvement of the building and lot for which this permit is issued. No certificate of occupancy will be issued until all corrective work to these public infrastructures and facilities has been corrected.

**WARNING TO OWNER:** YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOU PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR ATTORNEY BEFORE RECORDING YOUR NOTICE OF COMMENCEMENT.

**OWNERS CERTIFICATION:** I CERTIFY THAT ALL THE FOREGOING INFORMATION IS ACCURATE AND THAT ALL WORK WILL BE DONE IN COMPLIANCE WITH ALL APPLICABLE LAWS REGULATING CONSTRUCTION AND ZONING.

**NOTICE TO OWNER:** There are some properties that may have deed restrictions recorded upon them. These restrictions may limit or prohibit the work applied for in your building permit. You must verify if your property is encumbered by any restrictions or face possible litigation and or fines.

(Digital signatures accepted, with proof of verification.)

# **NOTICE TO APPLICANT/OWNER REGARDING FLOODING**

**Please read carefully before you begin your construction project!**

**WARNING:** The degree of flood protection required by County's floodplain ordinance and the Florida Building Code are considered as minimum regulatory purposes only. The floodplain ordinance and Florida Building Code are based on scientific and engineering considerations, but do not include actual, observed events of flooding that may have occurred at your property. You should also keep in mind that larger floods have, can, and will occur from time to time. Flood heights may be increased by man-made or natural causes. Approval of your permit under the floodplain ordinance does not imply that the permitted structure will be free from flooding or flood damage. The Special Flood Hazard Areas and Base Flood elevations are contained in the Flood Insurance Study and shown on Flood Insurance Rate Maps. The County adopts these maps for purposes of compliance with the National Flood Insurance Program, but makes no representations or assurances of their accuracy or reliability. The County does not maintain, track, or provide flood history data for any particular parcel of land.

**THERE IS NO GUARANTY OF VESTED USE, EXISTING USE, OR FUTURE USE CREATED BY YOUR COMPLIANCE WITH THE FLOODPLAIN ORDINANCE. YOU ARE RESPONSIBLE FOR ASSESSING YOUR OWN PARTICULAR FLOOD RISK AND YOU ARE ENCOURAGED TO SPEAK WITH NEIGHBORING OWNERS AND THE PREVIOUS OWNERS OF YOUR LAND TO OBTAIN FIRST-HAND KNOWLEDGE OF YOUR PROPERTY'S SPECIFIC FLOOD HISTORY.**

**DISCLAIMER OF LIABILITY.** The County floodplain ordinance does not create liability on the part of Board of County Commissioners of Columbia County or any officer or employee thereof for any flood damage that results from reliance on the ordinance, or any administrative decision lawfully made thereunder. Again, it is your responsibility to assess your property's flood risk and build accordingly.

**For more information,** see the Columbia County Code of Ordinances, Land Development Regulations, Article 8, at: [https://library.municode.com/fl/columbia\\_county](https://library.municode.com/fl/columbia_county). ## **ACKNOWLEDGEMENT**

I have read and understand the foregoing **NOTICE TO APPLICANT/OWNER REGARDING FLOOD ZONES**. I understand it is my responsibility to determine my property's flood risk, and that the County has made me no assurances that my property can not or will not flood.

## **Florida Statutes Chapter 489.103:**

[www.columbiacountyfla.com](http://www.columbiacountyfla.com)

\_\_\_\_\_ 1. I understand that state law requires construction to be done by a **licensed contractor** and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owner of the property listed, may act as my own contractor with certain restrictions even though I do not have a license.

\_\_\_\_\_ 2. I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a **licensed contractor** to assume responsibility.

\_\_\_\_\_ 3. I understand that, as an owner-builder, I am the responsible party of record on a permit. I understand that I may protect myself from **potential financial risk** by hiring a **licensed contractor** and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on permits and contracts.

\_\_\_\_\_ 4. I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if the costs do not exceed \$75,000. The building or residence **must be for my own use or occupancy**. It may not be built or substantially improved for sale or lease, unless I am completing the requirements of a building permit where the contractor listed on the permit substantially completed the project. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates the exemption.

\_\_\_\_\_ 5. I understand that, as the owner-builder, I must provide **direct, onsite supervision** of the construction.

\_\_\_\_\_ 6. I understand that I **may not hire an unlicensed person** to act as my contractor or to supervise persons working on my building or residence. It is my responsibility to ensure that the persons whom I employ have the **licenses required by law** and by county or municipal ordinance.

\_\_\_\_\_ 7. I understand that it is a frequent practice of unlicensed persons to have the property owner obtain an owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, **may be held liable** and subjected to **serious financial risk** for any injuries sustained by an unlicensed person on his or her employees while working on my property. My **homeowner's insurance may not provide coverage** for those injuries. I am willfully acting as an owner-builder and am aware of the limits of my insurance coverage for injuries to workers on my property.

\_\_\_\_\_ 8. I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I **must comply with laws requiring the withholding of federal income tax and social security contributions** under the Federal Insurance Contributions Act (FICA) and **must provide workers' compensation** for the employee. I understand that my **failure to follow these laws may subject me to serious financial risk**.

\_\_\_\_\_ 9. I agree that, as the party legally and financially responsible for this proceed construction activity, I will abide by all applicable laws and requirements that govern owner-builders as well as employees. I also understand that the construction **must comply with all applicable laws, ordinances, building codes, and zoning regulations**.

\_\_\_\_\_ 10. I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may **contact the Florida Construction Industry Licensing Board** at 850-487-1395 or <http://www.myfloridalicense.com/> for more information about licensed contractors.

\_\_\_\_\_ 11. I am aware of, and consent to, an owner-builder building permit applied for in my name and understand that **I am the party legally and financially responsible** for the proposed construction activity at the following address:

---

(Address of jobsite property)

\_\_\_\_\_ 12. I agree to **notify Columbia County Building Department** immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure. **Licensed contractors are regulated** by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board and Department of Business and Professional Regulation may be **unable to assist you with any financial loss** that you sustain as a result of complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held **liable for damages**. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for **verifying whether the contractor is properly licensed** and the status of the contractor's workers' compensation coverage.

**Florida Statutes Chapter 489.103:**

\_\_\_\_\_ 13. State law requires electrical contracting to be done by **licensed electrical contractors**. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own electrical contractor even though you do not have a license. You may install electrical wiring for a farm outbuilding or a single-family or duplex residence. You may install electrical wiring in a commercial building the aggregate construction costs of which are under \$75,000. The home or building must be for your own use and occupancy. It **may not be built for sale or lease**, unless you are completing the requirements of a building permit where the contractor listed on the permit substantially completed the project. If you sell or lease more than one building you have wired yourself within 1 year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You **may not hire an unlicensed person** as your electrical contractor. Your construction shall be done according to **building codes and zoning regulations**. It is your responsibility to make sure that people employes by you have **licenses required by state law** and by county or municipal licensing ordinances.

\_\_\_\_\_ 14. An owner of property completing the requirements of a building permit, where the contractor listed on the permit **substantially completed the project** as determined by the local permitting agency, for a one-family or two-family residence, townhome, accessory structure of a one-family or two-family residence or townhome or individual residential condominium unit or cooperative unit. Prior to the owner qualifying for the exemption, the owner must receive approval from the local permitting agency, and the local permitting agency must determine that the contractor substantially completed the project. An owner who qualifies for the exemption under this paragraph is **not required to occupy** the dwelling or unit for at least 1 year after the completion of the project.

Before a building permit shall be issued, this notarized disclosure statement must be completed and signed by the property owner and returned to the local permitting agency responsible for issuing the permit.
